

During hard economic times, small businesses often struggle to make ends meet and the dry-cleaning business is no different. Finding quality dry cleaning equipment at a reasonable price is invaluable for your laundry business.

If you have been considering starting your very own dry cleaners or branching out and adding another store to your business, **IT'S YOURS 4 LESS** can help!

Our company offers a wide range of affordable dry cleaning and laundry equipment, environmentally friendly dry cleaning machines, commercial laundry equipment, electric and gas boilers, air compressors and conveyors from the most recognized names in the industry.

IT'S YOURS 4 LESS started in 2009 and has been growing ever since. Our business includes several dry cleaning equipment selling partners who have a collective total of 80+ years in the business.

We sell our manufacturer-compliant, refurbished dry cleaning and laundry equipment up to 50% off retail prices—including dealer discounts.

Don't let the idea of used equipment scare you off – we are experts in rebuilding **Ajax, Cissell, Forenta, Fulton, Hoyt, Sankosha, Unimac, Unipress** and other great brands, from the frame up, to ensure that your company has the best dry cleaning machinery and laundry equipment available to meet the needs of your business.

We also design custom equipment packages that are affordable, efficient and tailored to your needs. Our company uses a comprehensive, 3-step process to ensure that you have the right package for the right job:

1. Listen and learn about your specific business goals and budget target.
2. Discuss affordable solutions to determine which package is the best for you.
3. Design a custom equipment package that is made-to-order for your business.

As of July 2012, we are now direct distributors for Firbimatic dry cleaning machines. We are currently working on a page dedicated to Firbimatic to help inform and educate you, the customer about how Firbimatic products will help you to define and streamline your business.

Looking for something else? **IT'S YOURS 4 LESS** provides the following services:

- *Connection to a robust network of plant buyers and sellers.*
- *Equipment consignment.*
- *Equipment rebuilding.*
- *Local and international plant installations (our installers have their passports).*
- *We purchase used equipment 10 years old and newer! Contact us with your used equipment inventory for a honest and fair offer.*

But we don't stop there. We're not just selling services; our aim is to build lifelong relationships with our customers.
