

## Beijing RenGuangWeiYe Science & Technology Development Co.LTD

### Company Introduction

Renguang is China professional laser beauty machine manufacturer since 2004. We primarily deal in developing, manufacturing, marketing, and technical service for beauty machines.

Our main products are: the IPL beauty machine, E-light beauty machine, laser tattoo removal machine, and RF beauty equipment. These are used for removing hair, dispelling pigments, tightening skin, and eliminating wrinkles. Our products utilize an advanced technology and harmless treatment to help achieve the effect of skin rejuvenation and skin resurfacing.
