

Compendium and List of Preparations

For Health Care Professionals

Welcome!

By focusing on the patient needs and following the science, we succeed in offering innovative treatments for many disorders. Knowledge is also effectively applied for delivering products that are safe and competitive. Our research team is committed to discovering new medicines that treat diseases, improve human health and life quality. Our activity is driven by a distinctive clinical and scientific strategy focusing on phytotherapeutical solutions and medical efficiency.

Also, our carefully selected pharmaceutical partners benefit of a complete range of services meant to grow their business. From development to launch, distribution, promotion, regulatory affairs and sell out: we can help our strategic partners expand their portfolio, explore growth opportunities and take the best decisions as they are provided with pharmaceutical market intelligence and expert scientific pipeline data.

Once again, Health Innovation Pharma remains true to its name, aiming to improve people's health and quality of life using nature's power and to allow its partners to access science and innovation in a way that suits them best.

Doru Roşu, MD
CEO

HIP Health Innovation Pharma Ltd

ABOUT US

We are the strategic partner that you are looking for to open new markets for you, help you successfully launch your products or provide the best solutions for your specific needs.

We do more than just import, export, distribute or sell your products: for each product, we create a comprehensive business plan, based on their features, competitive advantages and our best market knowledge; then we implement with success the business plan, using the know-how, market expertise and professionalism of our experienced team; we complete all the above within an innovative partnership with selected distributors, pharmacies and physicians, thus offering a uniquely successful pathway to your products.

Being an on-growing pharmaceutical company dedicated to health innovation, our breakthrough portfolio includes products for diversified therapeutic areas: gastroenterology, cardiology, dermatology, rheumatology and gynecology and it is increasing continuously by adding many cutting edge and innovative products.

HIP advances well-being, prevention and treatment solutions that are effective and safe. We strive to bring value to the market through our experienced team and strategic partners.

Also, if you are looking to buy innovative products or searching for intelligent market solutions & business consultancy, we are the right partner for you.

MISSION

HIP will always provide the Best Innovative Solution for health care problems, based on the Science of Nature.

VISION

We believe in Nature's Innovation Power as the best solution for patients, healthcare professionals and environment.

OUR VALUES

Performance: All our products are based on a long term scientific research and the best medical knowledge.

Innovation: Focus on innovation, but also respecting the traditional legacy.

Respect: We respect the fundamental principles of medicine, starting with „Primum non nocere”.

Compendium on the HIP preparations sorted by indication

Therapeutic area	Main Indication	Product	Page
Gastroenterology	Hemorrhoids	PrestoGel	1
	Anal fissures	PrestoGel	1
Cardiology	Varicose veins	ProVen	2
	Heavy legs	ProVen	2
Dermatology	Acne	Novaderm	5
	Eczema	Eczoderm	6
	Hyperpigmentation	Spotlite	8
	Pimples	Novaderm	5
	Psoriasis	Salvasor	4
	Seborrhoeic dermatitis	Veraderm	7
	Sensitive skin	Veraderm	7
	Spots	Spotlite	8
Xeroderma	Eczoderm	6	
Rheumatology	Muscular cramps	Rapidol	3
	Joint pain	Rapidol	3

PrestoGel

Instant relief from Hemorrhoids and Anal fissures

- Provides fast relief from pain and anal discomforts
- Supports and speeds up the natural healing process
- Physically block harmful bacteria from infiltrating host cells
- 100% Natural active ingredients

Presentation:
25 g GEL

Israpharm Clinic studied the effectiveness of treatment with **PrestoGel 25g** compared with other anti-hemorrhoidal preparation used currently. The results showed that the natural active ingredients from **PrestoGel** act in an extraordinary way as the most effective means of treatment in severe attacks of Hemorrhoids. Its analgesic (pain relieving) activity is stronger, faster and longer-lasting in comparison with other preparations used in the research. Together with this, the astringent and anti-inflammatory actions are more effective and the healing ability of the fissure in the anus is far better than those of the other preparations. Since **PrestoGel** is free of side effects, it is possible to use it with no restrictions (i.e. more frequently and for a long period), a necessary condition for the treatment of severe attacks of Hemorrhoids. **PrestoGel** brings significant relief, amazingly fast from the great suffering caused by Hemorrhoids. It is certainly possible to use it as preventive treatment. The preparation is suitable for use by men and women of all ages, pregnant and nursing women, and people who take prescription medicines simultaneously for the treatment of various illnesses, with no contra-indications.

Recommendation: **PrestoGel** is applied topically to the ano-rectal area, 4-6 times per day or several times per day, if necessary.

PrestoGel contains a unique combination of natural active ingredients, with a safe and innovative formula, recommended for the treatment of Hemorrhoids and Anal fissures and for protection of inflamed tissue against infection. **PrestoGel** quickly and effectively removes pain, pressure, inflammation, itching, irritation of mucous membrane, increased sensitivity and burning sensation, by activating the biological body's healing mechanism and accelerating cell regeneration process and tissue recovery.

Recommended in association with Dermatone Tea Tree soap.

www.prestogel.info

Key Ingredients

Principal intended purpose in formulation

Aloe Barbadensis

Physical blocker for bacteria

Geranium Thunbergii

Antibacterial, Antioxidant, Natural preservative

Pogostemon Cablin

Bacteriostatic, Antioxidant, Natural preservative

100% Natural active ingredients. No side effects. Non-toxic, non-irritant to the skin and non-hazardous. Doesn't interfere with other medicines taken concurrently.

ProVen

Quickly relieves sensation of Heavy Legs and treat Varicose Veins

- Provides fast relief from heavy, tired legs
- Stimulates the natural drainage from varicose vein and lymphatic system
- Indicated for legs and body treatment
- 100% Natural active ingredients

**Presentation:
60 g GEL**

ProVen acts on many ways at the local and systemic level, based on a synergic effect of its natural active ingredients, vasoconstriction and tonic for circulation, improving the blood flow and accelerate the natural healing process.

Because of its astringent and analgesic properties works against fluid retention in the legs, treats Venous Hemorrhages, soothes muscular and leg Cramps, has a calming effect on the nerves and stimulates the formation and growth of new skin cells.

Recommendation: **ProVen** is applied topically to the desired areas and massage gently, 1-2 times per day or more as needed.

ProVen contains a breakthrough formula of natural active ingredients, which quickly relieves the sensation of heavy and tired legs, by acting as a tonic agent for circulation, disperses the lactic acid that causes the pain, improving poor blood circulation in the veins of the legs.

With Vitamin E and Vitamin B5.

Key Ingredients

Principal intended purpose in formulation

Mentha Arvensis	Antispasmodic, Anti-inflammatory, Analgesic.
Aesculus Hippocastanum	Circulatory tonic, Astringent.
Hyssopus Officinalis	Circulatory stimulant, Muscle relaxant.
Chamomilla Recutita	Antispasmodic, Anti-inflammatory, Antimicrobial, Antiseptic, Anti-irritant, Analgesic.
Thymus Vulgaris	Antimicrobial, Antiseptic, Astringent.
Cupressus Sempervirens	Vasoconstrictor.
Geranium Thunbergii	Antihemorrhagic, Anti-inflammatory, Anti-irritant, Antibacterial, Antifungal, Astringent.
Pogostemon Cablin	Antiseptic, Antifungal, Antibacterial, Anti-inflammatory, Speeds up wound healing.
Aloe Barbadensis	Anti-inflammatory, Antibacterial, Antifungal, Analgesic.

100% Natural active ingredients. No side effects. Non-toxic, non-irritant to the skin and non-hazardous. Doesn't interfere with other medicines taken concurrently.

Rapidol

Removes fast Muscular cramps and Joint pain

- Quick and easy cure for muscular and joint pain
- Rapid improvement of poor blood circulation
- Indicated for relieving the pain of inflamed joints and muscles
- 100% Natural active ingredients

**Presentation:
60 g CREAM**

Rapidol works as a natural painkiller for significant and immediate pain relief from inflamed joints and muscles, disperses the lactic acid results from intense physical activities, helping loosen and relax stiffened muscles and improve faulty blood circulation.

Rapidol is recommended in different inflammatory diseases of the osteoarticular and muscular system, with great results on relieving the symptoms of Rheumatism, Arthritis, Back pain and physical injuries.

Recommendation: **Rapidol** is applied topically to the desired areas and massaged gently, 1-2 times per day or more if needed.

Rapidol is designed as a revolutionary treatment of joint and muscle inflammatory pathology, by providing quick and safe relief from symptoms. It rapidly soothes, calms and relaxes muscle and joint pains.

With Vitamin E and Vitamin B5.

Key Ingredients

Principal intended purpose in formulation

Mentha Arvensis	Antispasmodic, Anti-inflammatory, Analgesic.
Zingiber Officinale	Analgesic, Anti-inflammatory.
Eucalyptus Globulus	Antiseptic, Disinfectant, Anti-infective, Anti-inflammatory, Analgesic.
Rosmarinus Officinalis	Antispasmodic, Anti-inflammatory, Tonic.
Salvia Officinalis	Antispasmodic, Anti-inflammatory, Analgesic, Antitoxic.
Lavandula Angustifolia	Antispasmodic, Antifungal, Anti-irritant, Antiseptic, Anti-inflammatory, Analgesic, Tonic.
Prunus Amygdalus Dulcis	Smoothing, Anti-inflammatory, Moisturizing, Nourishing.
Eugenia Caryophyllus	Mild anesthetic, Analgesic.
Aloe Barbadensis	Anti-inflammatory, Antibacterial, Antifungal, Analgesic.
Cinnamomum Camphora	Analgesic, Painkiller, Mild local anesthetic, Counterirritant, Numbs nerve-endings, Soothing.
Origanum Majorana	Analgesic.
Myristica Fragrans	Analgesic, Anti-inflammatory, Sedative, Antioxidant, Antispasmodic, Antirheumatic, Tonic.

100% Natural active ingredients. No side effects. Non-toxic, non-irritant to the skin and non-hazardous. Doesn't interfere with other medicines taken concurrently.

Salvasor

Efficient natural relief for Psoriasis

- Stimulates skin cell regeneration
- Creates a healthy environment of the skin
- Excellent moisturizing and nourishing agent
- Speeds up the healing process of the skin
- 100% Natural active ingredients

Presentation:
60 g CREAM

Salvasor is a breakthrough formula designed for the treatment and relief of very dry, damaged, irritated, reddish, rough and itchy skin associated with Psoriasis.

By its antioxidant, antibacterial, anti-inflammatory and healing components, **Salvasor** helps skin cell regeneration, stimulates collagen production, eliminates toxins from the skin and makes the skin stronger, suppler and younger.

Also, it is a pain reliever, due to analgesics and salicylic acid, and a skin softener. It acts as an excellent moisturizing agent, stimulating the superficial microcirculation, skin nourishing, rehydrating, strengthening, having the same pH as the skin, and conferring UV-protection.

It reaches the deepest body's tissues and therefore has the ability to restore them. It is relaxing, cooling, soothing and it accelerates the process of wound healing, thus creating a healthy environment for the skin and preventing skin disorders.

Recommendation: **Salvasor** is applied topically to the affected areas of the skin, 2-3 times a day or more, as may be needed.

Salvasor fast relieves the symptoms of very dry, damaged, irritated, reddish, rough and itchy skin associated with Psoriasis.

With Vitamin A, D, E, B1, B2, B3, B6, B12, Zinc.

Key Ingredients

Principal intended purpose in formulation

Butyrospermum Parkii

Anti-inflammatory, Antioxidant, Antifungal, Healing agent, Skin cell regenerating, Moisturizing, Nourishing, UV-protection.

Tagetes Minuta

Antibiotic, Antimicrobial, Antiseptic, Anti-inflammatory, Antifungal, Disinfectant.

Aloe Barbadensis

Anti-inflammatory, Antibacterial, Antifungal, Analgesic, Moisturizing, Healing agent.

Chamomilla Recutita

Antispasmodic, Anti-inflammatory, Antimicrobial, Antifungal, Antiseptic, Anti-irritant, Analgesic.

Lavandula Angustifolia

Antispasmodic, Antifungal, Anti-irritant, Antiseptic, Anti-inflammatory, Analgesic.

100% Natural active ingredients. No side effects. Non-toxic, non-irritant to the skin and non-hazardous. Doesn't interfere with other medicines taken concurrently.

Novaderm

Fast and effective formula for the treatment of Acne and Pimples

- Effectively eliminates bacteria associated with Acne
- Speeds up the healing process of the skin by stimulating the formation of the new skin cells
- Deep skin cleansing, moisturizing, nourishing and UV-protection
- 100% Natural active ingredients

Presentation:
25 g GEL

Novaderm is a fast acting natural formula, which effectively eliminates bacteria associated with Acne, particularly the Propionibacterium acnes, being an appropriate safe alternative to conventional antibiotic treatment to which bacteria has developed resistance.

By its skin-regenerative properties, **Novaderm** speeds up wound healing, rejuvenates the skin and stimulates the formation and growth of new skin cells. It is very soothing and relaxing to the skin, protects the skin from ultra-violet radiation, stimulates the dilation of capillaries, thus increasing circulation in the skin. It also helps remove blood toxins, thus creating a healthy

environment for the skin and preventing skin disorders.

Recommendation: **Novaderm** is applied topically on pimples, 3-4 times a day or more, as needed. Do not wash or wipe after application.

Novaderm treats effectively Acne and Pimples, rejuvenates and protects the skin.

With Calcium, Zinc, Selenium, Vitamin A, B1, B2, B3, B5, B6, B12, C, E.

Key Ingredients

Principal intended purpose in formulation

Echinacea Purpurea	Antiseptic, Antiviral, Anti-inflammatory, Antimicrobial, Antibacterial, Antibiotic, Antioxidant, Immunostimulant.
Lavandula Angustifolia	Antispasmodic, Antifungal, Anti-irritant, Antiseptic, Anti-inflammatory, Analgesic.
Aloe Barbadensis	Anti-inflammatory, Antibacterial, Antifungal, Analgesic, Moisturizing, Healing agent.
Chamomilla Recutita	Antispasmodic, Anti-inflammatory, Antimicrobial, Antifungal, Antiseptic, Anti-irritant, Analgesic.
Daucus Carota Sativa	Revitalized, Tonic, Antioxidant, Healing agent , UV-protection.
Eucalyptus Globulus	Antiseptic, Disinfectant, Antibacterial, Anti-inflammatory, Analgesic.
Bee Propolis	Antibacterial, Antioxidant, Anti-inflammatory.
Geranium Thunbergii	Antihemorrhagic, Anti-inflammatory, Anti-irritant, Antibacterial, Antifungal, Astringent, Analgesic.
Pogostemon Cablin	Antiseptic, Antifungal, Antibacterial, Anti-inflammatory, Healing agent, Rejuvenates the skin.

100% Natural active ingredients. No side effects. Non-toxic, non-irritant to the skin and non-hazardous. Doesn't interfere with other medicines taken concurrently.

Eczoderm

Efficient for the treatment of Eczema and Xeroderma

- Quickly relieves dry, irritated, reddish and itchy skin
- Accelerates the healing process and protects the affected skin
- Deep skin cleansing, moisturizing and nourishing
- 100% Natural active ingredients

Presentation:
60 g CREAM

Eczoderm quickly relieves the symptoms of very dry and irritated skin, by its natural anti-inflammatory and healing properties, acting as moisturizing and nourishing agent and providing strength and UV-protection to the affected skin.

Eczoderm healing components help skin disorders and problems as Eczema, Rash, Contact dermatitis, Very dry, Damaged or Devitalized skin, Skin Burns and Cuts.

Recommendation: **Eczoderm** is applied topically to the affected areas of the skin, 2-3 times a day or more if needed.

Eczoderm provides cell strengthening and regeneration and UV-protection of the skin.

With Zinc, Copper, Sulfur, Vitamin A, E, D, B1, B2, B6.

Key Ingredients

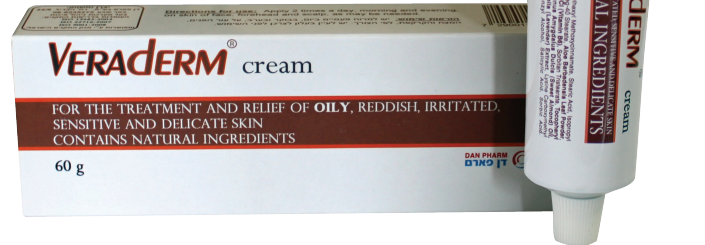

Principal intended purpose in formulation

Butyrospermum Parkii	Anti-inflammatory, Antioxidant, Healing agent, Skin cell regenerating.
Prunus Amygdalus Dulcis	Smoothing, Anti-inflammatory, Moisturizing, Nourishing.
Melaleuca Alternifolia	Antiviral, Antibacterial, Antifungal, Antiseptic.
Geranium Thunbergii	Antihemorrhagic, Anti-inflammatory, Anti-irritant, Antibacterial, Antifungal, Astringent.
Chamomilla Recutita	Antispasmodic, Anti-inflammatory, Antimicrobial, Antifungal, Antiseptic, Anti-irritant, Analgesic.
Oenothera Biennis	Anti-inflammatory, Antifungal, Anti-irritant, Moisturizing.
Lavandula Angustifolia	Antispasmodic, Antifungal, Anti-irritant, Antiseptic, Anti-inflammatory, Analgesic, Tonic.
Urtica Dioica	Antiallergic, Anti-irritant.
Viola Tricolor	Antiallergic.
Hypericum Erectum	Antifungal, Antibacterial, Antiallergic, Anti-inflammatory.
Arctium Lappa	Anti-inflammatory, Antimicrobial, Antibacterial, Antitoxic.
Tagetes Minuta	Antibiotic, Antimicrobial, Antiseptic, Anti-inflammatory, Antifungal, Disinfectant.
Pogostemon Cablin	Antiseptic, Antifungal, Antibacterial, Anti-inflammatory, Healing agent.
Aloe Barbadensis	Anti-inflammatory, Antibacterial, Antifungal, Analgesic, Moisturizing.

100% Natural active ingredients. No side effects. Non-toxic, non-irritant to the skin and non-hazardous. Doesn't interfere with other medicines taken concurrently.

Veraderm

Gentle relieves Seborrhoeic dermatitis and Sensitive skin

- Fast relief of oily, irritated and sensitive skin
- Accelerates the healing process and protects the affected skin
- Deep skin cleansing, moisturizing and nourishing
- 100% Natural active ingredients

**Presentation:
60 g CREAM**

Veraderm is a valuable remedy for Seborrhoeic Dermatitis, Sensitive Skin and other skin conditions which result in dry and scaly skin, skin rashes, irritations and itching, inflamed and infected skin.

It acts as pain reliever, due to analgesics and salicylic acid, and skin softener. It is also an excellent moisturizing agent, having the same pH as the skin. Reaches the deepest body tissues and therefore has the ability to restore them. It is relaxing, cooling, soothing and it accelerates the process of wound healing.

Recommendation: **Veraderm** is applied topically, 2 times a day, morning and evening, on the skin of the face, forehead and scalp, or more, as needed.

Veraderm relief, heal and protect oily, irritated and sensitive skin.

With Zinc, Copper, Sulfur, Vitamin E, B1, B6, B12.

Key Ingredients

Principal intended purpose in formulation

Arctium Lappa

Anti-inflammatory, Antimicrobial, Antibacterial, Antitoxic.

Aloe Barbadensis

Anti-inflammatory, Antibacterial, Antifungal, Analgesic, Moisturizing, Healing agent.

Prunus Amygdalus Dulcis

Smoothing, Anti-inflammatory, Cleansing, Moisturizing, Nourishing.

Geranium Thunbergii

Antihemorrhagic, Anti-inflammatory, Anti-irritant, Antibacterial, Antifungal, Astringent, Analgesic.

Lavandula Angustifolia

Antispasmodic, Antifungal, Anti-irritant, Antiseptic, Anti-inflammatory, Analgesic, Tonic.

100% Natural active ingredients. No side effects. Non-toxic, non-irritant to the skin and non-hazardous. Doesn't interfere with other medicines taken concurrently.

Spotlite

Fast and effective brightens skin Hyperpigmentation and skin Spots

- Slows down the melanin production process
- Treats the enhanced activity of the melanosomes and the tyrosinase enzyme
- Sloughs off dead skin build-up
- 100% Natural active ingredients

**Presentation:
25 g CREAM**

Spotlite is designed to target the Hyperpigmentation process effectively by dealing with the enhanced activity of the melanosomes and the tyrosinase enzyme. The powerful action of the bioactive brightening agents slows down the melanin production process and sloughs off dead skin build-up. This action speeds up new cell production and facilitates fast and effective brightening of very dark skin spots.

Spotlite contains sunscreen agents for extra protection against sun damage.

Recommendation: **Spotlite** is applied as a thin layer of cream evenly on skin Spots on face and body, twice a day (morning and evening). It is recommended to wash the hands after every application.

Spotlite provides fast and effective brightening of very dark skin Spots and Hyperpigmentation.

Key Ingredients

Principal intended purpose in formulation

Oenothera Biennis	Anti-inflammatory, Antifungal, Anti-irritant, Moisturizing.
Cinnamomum Camphora	Analgesic, Painkiller, Local anesthetic, Counterirritant, Cooling, Soothing.
Citrus Medica Limonum	Antioxidant, Anti-infective, Moisturizing, Anti skin blemishes.
Lavandula Angustifolia	Antispasmodic, Antifungal, Anti-irritant, Antiseptic, Anti-inflammatory, Analgesic.
Aloe Barbadensis	Anti-inflammatory, Antibacterial, Antifungal, Analgesic, Moisturizing, Healing agent.

100% Natural active ingredients. No side effects. Non-toxic, non-irritant to the skin and non-hazardous. Doesn't interfere with other medicines taken concurrently.

Glossary

Aesculus Hippocastanum: Circulatory tonic, strengthens blood vessels, anti-inflammatory, astringent. The main actions of Aesculus Hippocastanum are on the vessels of the circulatory system. It increases the strength and tone of the veins in particular.

Aloe Barbadosis: Anti-inflammatory, antibacterial, antifungal, analgesic, pain reliever due to analgesics and salicylic acid, skin softener, acts as an excellent moisturizing agent and has a same pH as the skin. Reaches the deepest body tissue and therefore has the ability to restore them. It is relaxing, cooling, soothing, accelerates the process of wound healing.

Arctium Lappa: Anti-inflammatory, antimicrobial, antibacterial and a remarkable ability to draw out toxins from beneath the skin.

Bee Propolis: Antibacterial, antioxidant, anti-inflammatory, antiacne. Propolis is very active against most strains of anaerobic bacteria, effectively eliminates bacteria associated with acne, particularly the Propionibacterium, also known as P. acnes.

Butyrospermum Parkii: Antioxidant, anti-inflammatory, antifungal, deeply moisturizing, stimulating for the superficial microcirculation, skin nourishing, skin strengthening, skin protecting, UV-protecting, skin rehydrating, skin cell regenerating, collagen production stimulating, stimulates the elimination of toxins from the skin.

Cinnamomum Camphora: Analgesic, painkiller, mild local anesthetic, counter-irritant, numbs nerve-endings, cooling, soothing.

Chamomilla Recutita – Matricaria: Antispasmodic, anti-inflammatory, antimicrobial, antifungal, antiseptic, anti-irritant, analgesic, vulnerary, calming, soothing and relaxing.

Cupressus Sempervirens: Vasoconstrictor (helps the vein walls contract and tighten, thereby improving their tone and elasticity). Essential in any varicose veins treatment, treats venous haemorrhages and fluid retention in the legs. Soothes muscular and leg cramps and has a calming and soothing effect on the nerves.

Daucus Carota Sativa: Revitalizes and tones the skin. It has skin-regenerative properties, it is an antioxidant, it is very soothing and relaxing to the skin, it promotes healthy skin tissue formation and protects the skin from ultra-violet radiation.

Echinacea Purpurea: Antiseptic, antiviral, anti-inflammatory, antimicrobial, antibacterial, antibiotic, antioxidant, alternative immunostimulant, anti-acne remedy.

Eucalyptus Globulus: Strong antiseptic, powerful disinfectant, treats and prevents infections, anti-inflammatory, analgesic, pain reliever.

Eugenia Caryophyllus: Stimulant, mild anaesthetic, analgesic.

Geranium Thunbergii: Antihemorrhagic, anti-inflammatory, anti-irritant, antibacterial, antifungal, astringent, calming, soothing.

Hypericum Erectum: Antifungal, antibacterial, antiallergic, anti-inflammatory.

Hyssopus Officinalis: Circulatory stimulant, muscle relaxant.

Lavandula Angustifolia: Antispasmodic, antifungal, anti-irritant, antiseptic, anti-inflammatory, analgesic and circulatory stimulant. Stimulates the dilation of capillaries, thus increasing circulation in the skin, the blood is drawn from deeper parts of the body, into the skin, normal circulation helps remove blood toxins, thus creating a healthy environment for the skin and preventing skin disorders.

Melaleuca Alternifolia: Antiviral, antibacterial, antifungal, antiseptic.

Mentha Arvensis: Antispasmodic, anti-inflammatory, analgesic, circulatory stimulant, warms the skin and the underlying muscles. Disperses the lactic acid that causes the pain, helps loosen and relax stiffened muscles and improve faulty blood circulation.

Myristica Fragrans: Analgesic, anti-inflammatory, sedative, antioxidant, antispasmodic, antirheumatic, tonic, relaxant, circulatory stimulant.

Oenothera Biennis: Anti-inflammatory, antifungal, anti-irritant, moisturizing.

Origanum Majorana: Stimulant, analgesic.

Pogostemon Cablin: Antiseptic, antifungal, antibacterial, anti-inflammatory, speeds up wound healing, rejuvenates the skin and stimulates the formation and growth of new skin cells.

Prunus Amygdalus Dulcis: Soothes skin irritation and inflammation, relieves dry, scaly, irritated, reddish & itchy skin. Deep skin moisturizer. Rids the skin of impurities and dead cells. Nourishes the skin.

Rosmarinus Officinalis: Antispasmodic, anti-inflammatory, circulatory stimulant and nerve tonic.

Salvia Officinalis: Antispasmodic, anti-inflammatory, analgesic, stimulant (stimulates the muscles and helps remove locally concentrated toxins in the muscles and connective tissue).

Tagetes Minuta: Antibiotic, antimicrobial, antiseptic, anti-inflammatory, antifungal, disinfectant.

Thymus Vulgaris: Antimicrobial, antiseptic, astringent.

Urtica Dioica: Antiallergic, anti-irritant.

Viola Tricolor: Antiallergic, nerveine.

Zingiber Officinale: Analgesic, anti-inflammatory, stimulant, warming & pain relieving.
