# USB BLADELESS FAN

## USB无叶风扇系列

- Size:15.9\*11.5\*22.5cm
- Use a USB line to input voltage of 5 V.
- Bladeless fan no blade rotation, use high safety coefficient, without the risk to harm humans.
- Weight concentrated in the bottom and top lightsome, put more peacefully. Imported ABS environmental protection material.
- Bladeless fan through the air without double technology optimization, blow 100% natural wind to the human body
- Simple construction,Easy to clean.
- Different colors .

# USB FAN

## USB 风扇系列

Size :15\*9\*15cm. DC 5v / 2.5w ; usb line:1.2m

USB mini fan, ultra low noise design, for the laptop and desktop computer heat dissipation, also can be used for long time office.

As a computer peripheral products, add a charger also can be used for small household fan. Collective gifts, computer sales promotion product, all is the best choice! Using USB power plug, ABS, PP material to be made.

Motor is DC brushless motors, the single ball design, metal technology, using classical painting process, elegant and refined mute base, effectively avoid resonance, Great workmanship!.

# Ice cold scarf 冰凉围巾系列

- Product size: 100 \* 5 CM
- Ingredients: 100% cotton + polymer super absorbent resins . Packing: OPP bag.
- Product efficacy: refreshing, eliminate fatigue outing travel: summer cooling and protect skin care mesh sports fitness: cooling absorb sweat, relaxed and cool heat fever: rapid cooling, analgesic brain lack of sleep: eliminate pouch, get rid of the black rim of the eye.
- Method of use: before using the soak in the tub 10 minutes. Take out then it can be used, for cold for 10 hours.
- function: summer cooling, can be applied to people of all ages.
- 1, first used, please will be baptized with cold in tap water, with handle gently knead in the middle of the refrigeration crystal seven to eight minutes, the product will be natural, inflation.
- 2, take out with dry towel to wipe away dry surface, will be worn on the neck, with cold head, wrist.
- Three, with a cold repeated use.
- 4, use after 48 hours, the cool will restore the initial state with use, dry it store, also can continue to use. Use again just soak in the tub a minutes.

# Cold Eye mask/ eye patch

## 冰涼眼罩系列

- Method of use:
- put the mask in the fridge freezer precooling, 1 hour take out , wear it. General wearing 5-10 minutes, can also be extended appropriately according to individual symptoms. Without any side effects. Can be reused.
- Use scope:
- 1, improve microcirculation, eliminate eye with eye fatigue, improve recovery elastic subjects.
- 2, improve their brains to excessive cause lightheaded, forgetfulness, anorexia, discomfort, relieve migraines,
- Neurasthenia, insomnia brain fatigue syndrome.
- 3, eliminate pouch, black rim of the eye, enhance skin around eyes of the finish and elastic.
- Note:
- Mask is for external use only, such as content contact with eyes or skin, the application of the water clean thoroughly, if swallow, content, should drink a lot water and try to spit out the shall, when necessary, contact the doctor.
- Storage:
- In a cool and dry place or a refrigerator, prevent the ultraviolet ray.

# Ice mat/cushion

## 冰墊系列

- Size : 30\*30 /30\*40cm
- Filled with ice crystals, use directly, no electricity! Pressure can be about 150 kilograms, the factory has pack good cooling fluid, is sedentary office personnel the best choice.
- Material for PVC plastic, strong and durable.
- Method of use:
  - The cooling ice MATS on your car seat or office, family's seat, if continuous under high temperature to use, easy to make bag materials melting. Can put in less than 25 degrees of the ground, and the gloomy and cold place, cold water or a refrigerator can. Avoid direct sunlight to make ice cushion of low temperature keep longer! May,
  - when necessary, two for use to change. Once don't Need it, just put the ice pad in a degree that less than 25 cold environment temperature for store, suggest two rotation use, or before the use in the freezer for better effect!
  - Avoid direct contact with sharp objects. Also can't contact with fire.

# Portable power/MOPO CUBE

## 移动电源系列

### ○ The product function, characteristics:

- \* applicable to all mobile phone and digital products equipment external charging, solve the problem of no electricity, to ensure that equipment normal use
- \* high capacity design, ensure that there is enough power output; High current output, speed up the efficiency of charging equipment
- \* novel design, compact delicate, easy to carry
- **1 to the POWERE BANK built-in battery:**
- Use Mini USB connector, output for 5 voltage power adapter or computer USB interface to the output POWERE BANK to charge. when charging, the built-in battery red light instructions start flashing, while charging full electric, the light stop flashing, charging time depending on the charger output current , generally need about 5 hours

### 2 keys function

- **A:** long press function key 3 seconds, lighting light; According to the function key again long 3 seconds, light off.
- **B:** short press the function key , the power supply output power , at the same time, check electrical works or not, and instruct power capacity;
- Again short press the function key, power stop output, and into dormant state .

### ○ Safety

- 1. Do not attempt to remove or replace any part of the product;
- 2. Don't let this product contact with water or other liquid, if water or other liquid into the internal power supply, will have the power to the possibility of damage.
- 3. Don't put this product on the heat source close to the place.

# USB wireless /wire optical mouse

## Usb 无线/有线鼠标

**Application :**Desktop **Type :**Wired/wireless **Interface Type :**USB

Wire optical mouse, Computer mouse, Wireless mouse, bluteeth mouse  
3D optical mouse, 1000DPI.  
support both USB and PS/2 port  
OEM service is provided  
Factory supply directly  
meet CE, ROSH

# Re-chargeable warmer bag Series

# 保健电暖袋系列

## Function:

- Re-chargeable magnetic electro-magnetic warmer bag produced by advanced plastic And special heat treatment technology. It is a safe and convenience new high-tech healthy products.
- Automatic keep warm function to avoid too hot after recharge , It can reach to 70-75degree.and will stop the power atomatically, to avoid the temperature too hih and protect the skin.
- keep the hands warm and ease pain,very soothing for toothache, earache,sinus problems, arthritis, headaches, back and neck pain and chilblain. Also good for menstruation and frostbite
- Our product has cause warm material. It warm fast and lasting warming.after charging for 8-18 minutes ,it can warm hand for 2-8hours.
- Not necessary to refill the water.

Do well and do more

# USB multifunction warmer

## USB 多功能暖袋

Multifunction warmer, Material of the main body is lint, the heating unit is made of carbon fiber , carbon fiber is a new kind material of Excellent mechanical properties. with a 2 meters long USB line , Expand your activities range . one connecter to link up or off . The product has passed the CE and ROSH authentication.

# USB heating gloves/hand warmer

## USB 加热手套系列

The heating unit is made of carbon fiber , carbon fiber is a new kind material of Excellent. The product has passed the CE and ROHS authentication. Power: 2.5W

Voltage: 5V

Operating temperature: 40 to 45° C

Half-finger heating glove: made of soft material and powered by USB

Connecting glove USB plug with computer: convenient to use

With low power: safe and reliable

Keep hands warm in cold winter

Separated USB cable design allows wearing it freely

Can unplug USB cable if are not working in front of computer

With advanced flexible carbon fiber heating material: can warm up in 1 to 2 minutes

1.5m USB cable to keep enough space to use

Heating pad is removable

Glove is washable

For indoor use, can choose USB power adapter

# USB Warmer Shoes

## USB保暖鞋

### Function:

- Safety: Adopt high technology exothermic material and apply low voltage of 5V, safe and reliable.
- High thermal efficiency: Under ambient temperature 5 $^{\circ}$ C-10 $^{\circ}$ C indoors, the temperature of this series of products can reach around 35 $^{\circ}$ C which is comfortable and warm for body in a short time.
- Rapid temperature rise per unit time: it can reach target temperature for 5 minutes only.
- Comfort and convenience: soft and comfortable, move easily, it shall become portable home slipper only by opening zipper and taking out the heating element inside.
- Beautiful style design: the soft and comfortable fabric can make you or your family feel fashion and warmth immediately.
