100% Pure Aloe Vera

### About Aloe Vera

The legendary herb, aloe vera, has been used for various medicinal, cosmetic, and food supplements purposes. Today, an interest in aloe vera continues due to its miracle healing power. It is often used to treat **BURNED SKIN** because it has the ability to **fasten wound healing while preventing infection**. Immediate application to wound would lower the effect or even completely rid of skin swelling, scar and pain.

### ALOE VERA SKIN GEL

Aloe vera prevents the skin from dehydration as well as improves the elasticity of chronically dry skin. The plant is prevalent in many beauty products since the plant stimulates skin growth and promotes skin cell regeneration.

Not only does aloe vera contain substance like ALOIN which helps stimulate MITOSIS and PROLIFERATION of post-injury cells, but it also is a good pain reliever and a great moisturizing agent.

No Chemical substance, No perfume, no staining, and not sticky
