## COMPANY PROFILE

With over 25 years experience driven by our passion and commitment to excellence, La Veranda Outdoor Concepts & Designs is our brand that specializes primarily in the outdoor decoration, architectural designs and furnishing. La Veranda is a complete concept, designs, build and fit-out firm providing a holistic approach to design that creates a subtle transition from an interior space to an outdoor environment that compliments your lifestyle, while respecting the architecture of your home or project. With the completion of the design the professional team at La Veranda will ensure that your project will be built with the highest of quality and attention to detail

We provide quality products designed and manufactured by top industry manufacturers offering quality casual furniture's, natural stones, preserved, fabricated and replica plants selections, artistic and decorative sandstone claddings, columns and fountains, composite decking and rails, decorative lightings and accessories, and artisanal forged steel.

## THE CONCEPT

We work closely with our clients, individuals and corporate to create a functional and unique outdoor environment that match their personal preferences precisely, complementing their outdoor living with an enormous assortment of decors and styles.

La Veranda Outdoor Concepts & Designs specialises in creating and improving outdoor spaces of domestic and commercial landscape. We offer a complete friendly service from quality and practical concepts that meets our client's objectives, design consultancy with attention to detail to complete fit-out and furnishing.

We make your dreams a reality. We specialize in creating outdoor living spaces that will put you back in your living room or backyard, enjoying your own private paradise. From pergolas and sunrooms (solariums) to screen porches and custom decks, we have the passion, the experience, talent and dedication to give you the outdoor space of your dreams inside or outside your home.

We use only the finest products from world-renown manufacturers that we have personally selected based on their reputation, quality and durability. We use hand crafted and manufactured products rather than wood, to ensure your outdoor living and living-like space will last a lifetime, and beyond without any compromise on the look and the feel. Our materials are low or no maintenance, have extensive warranties and are installed with care by our courteous, professional crews. You'll find our outdoor furniture's and accessories in some of the finest homes, resorts, hotels and restaurants in the region. Our expertise allows us to come up with the perfect design that lets you fully enjoy your outdoor spaces.
