# LONDON GIRL

Embracing the passion of arts, *MaybeBlu* defies the conventional thinking of sleepwear.

*“The London Girl is on a journey to master the art of dreaming, while doing what she loves the most... shopping for wonderful Shoes! She knows looking and feeling her best night and day is essential to unfolding the hidden secrets of her dreamworld. Her trusted Puppies accompany her everywhere she goes. While at home and awake, she doesn't feel the need to get out of her Dreamwear, prolonging that cozy and comfy feeling and making those dreamy escapades last all day. Oblivious to the outside world, she is set free by the beauty and innocence that she finds in her dreams.”*

Be a part of the dreamland adventure and reinvent your sleepwear with *MaybeBlu* Dreamwear.
